

Stories *that* Connect

a virtual event.

Thursday, June 10, 2021.

Stories that Connect is Kaleidoscope's annual fundraising event to support the work we are doing in our communities to help our children, youth, and families impacted by poverty, inadequate resources, neglect, and abuse in Chicago. Join us virtually as we reflect on our past, celebrate the accomplishments of our children and families, and work to build a supportive community that is committed to promoting resiliency, healing, and equity. In addition to supporting Kaleidoscope, sponsors of **Stories that Connect** receive marketing benefits to reach the event's professional audience, as well as social media followers.
